| JOB TITLE | Lecturer in Performing Arts - Technical Theatre (0.5) | | |
| DEPARTMENT / COLLEGE | Department of Music and Performing Arts / College of Arts | | |
| LOCATION | Derby | | |
| JOB NUMBER | 0708 - 18 | SALARY | £32,236 - £37,345 per annum |
| REPORTS TO | Head of Discipline (Music & Performing Arts) | | |

Role Summary

You will be required to teach, research, and engage in advanced professional practice and curriculum development in the Drama portfolio, contributing to the BA (Hons) Technical Theatre, BA (Hons) Costume and Set Design, and other programmes in the theatre portfolio including the combined subject honours pathway in Theatre Studies.

While the main focus of this post is on Stage and Production Management, knowledge and expertise in other areas such as sound, lighting, props, scenery, or construction are also very desirable.

Principal Accountabilities
Learning & teaching

1. To prepare and deliver specialist teaching in the field of performing arts and drama at undergraduate and postgraduate level.
2. To prepare and deliver academic teaching in related areas of expertise.
3. To provide innovative and inspirational teaching methods alongside critical enquiry and employer engagement.
4. To take part in curriculum development within your field of expertise, exploring new and emerging areas of professional activity, reviewing and refreshing traditional modes of study, and devising or contributing to new modes of delivery including blended and online provision.
5. To lead or contribute to inspirational practical teaching, contributing to the development of teaching resources, including engagement with live events, which will require significant involvement with evening and weekend work.

6. Participate effectively in the assessment process, including the setting, marking and moderation of student work, providing constructive feedback and ensuring it is in accordance with quality assurance procedures.
7. Take on relevant module leader and/or programme leader responsibilities, including associated marketing, recruitment, delivery and ongoing programme development activities.

Research/Scholarship

1. Take the lead on, plan, develop and conduct research objectives, projects and proposals within the broader programme. Deliver research outcomes that will contribute to the REF.
2. Acquire, analyse, interpret and evaluate research findings / data using approaches, techniques, models and methods selected or developed for the purpose.
3. Manage the application of a range of methodologies, approaches and techniques appropriate to the type of research being pursued. Where appropriate investigate and devise research methods and approaches.
4. Generate income by developing and winning support for innovative research proposals and funding bids, working where appropriate within Research Centres and Colleges.
5. Disseminate and explain research findings through leading peer-reviewed national publications (and international where appropriate), conferences and other appropriate media.
6. Ensure adherence to ethical standards in the projects for which the role holder are responsible.
7. Monitor research resources such as budget, materials and equipment.
8. Provide mentoring and guidance to colleagues and co-ordinate the work of research and support staff.
9. Take a leading role in the development and delivery of business engagement activities, developing entrepreneurial links with external organisations.
10. Identify own professional needs and undertake appropriate training and staff development.
11. To undertake administrative duties related to the smooth running of the School and College, which may include programme leadership, as required. To take on any other tasks within the area of expertise, as required.

Other

1. Act as a personal tutor, supporting and mentoring students as appropriate
2. Provide pastoral care to students, referring when necessary to services that provide further support.
3. Liaise with international partners as required on existing and future collaborations.
4. Contribute to new initiatives at appropriate levels.
5. Build on existing research networks, furthering contacts with external organisations such as funding bodies.

6. Actively seek out and develop opportunities for interdisciplinary research both across the University and externally.
7. To undertake ongoing professional development, seeking always to advance the post-holder's level of competence, and enhancing new processes, practices and technologies.
8. Professional activities to underpin teaching, external activities related to income generation, and public engagement. Marketing and recruitment activities, including weekend and evening engagement with Open Days and other admissions related activity and any other duties as required.
9. Observe and implement University policies and procedures.

The makeup of duties will be determined from time to time by the Head of Discipline in consultation with the post-holder and will be reviewed regularly through staff appraisal at three points in the academic year.
